WHEN DO I CALL VERACITY HOME INSPECTIONS?

As soon as you have found the house to meet your family's needs, you should call Veracity Home Inspections and schedule an appointment for the inspection. Ask a friend or your agent to be there if you can't, I prefer that the homebuyer be present at the time of the inspection so that I can share my findings and give a clear understanding of the report. Be sure that all the utilities are on.
